Susan M. Young
Executive Secretary
Chemical Fabrics & Film Association
1300 Sumner Ave
Cleveland, Ohio 44115

Dear Ms. Young:

In response to your request on behalf of the Chemical Fabrics & Film Association, Inc., the Office of Environmental Health Hazard Assessment (OEHHA) is issuing a Safe Use Determination for diisononyl phthalate (DINP) in single-ply polyvinyl chloride roofing membrane products with a nominal finished thickness of between 1.016 to 2.438 mm, containing no more than 15% DINP and heated to surface temperatures up to and including 210°C during installation, pursuant to our authority under Title 27 of the Cal. Code of Regs., section 25204(h)(1).

Please find enclosed copies of our document supporting the determination and the notice, as it appears in the *California Regulatory Notice Registry*, dated December 4, 2015, and on the OEHHA website at www.oehha.ca.gov. If you would like to discuss any issue concerning the Safe Use Determination further, please call me at (916) 324-7572.

Sincerely,

Melanie Marty, Ph.D.
Acting Deputy Director for Scientific Affairs

California Environmental Protection Agency
